

## Poster Abstract Information

All participants are invited to present research results regarding strategies aimed at controlling diseases that may be transmitted between domesticated livestock and wildlife species. Diseases of interest include, but are not limited to: brucellosis, tuberculosis, pseudorabies, influenza, and transmissible spongiform encephalopathies. Topics include molecular biology, pathogenesis, economic impact, detection and differentiation, vaccination programs, and management strategies.

Presentations will be in the form of posters. (Some will be selected for 15-30 minute oral presentations.)

### The deadline for abstract submission is May 1, 2003.

Email the abstract (preferably as an attachment) to Dawne Buhrow (iicab@iastate.edu).

### Instructions for Abstracts:

Indicate a session preference:

- ◆ **Transmissible Spongiform Encephalopathies**
- ◆ **Bacterial Diseases**
- ◆ **Mammalian Viral Diseases**
- ◆ **Avian Viral Diseases**

- ◆ The entire abstract, including title and author(s) must be 250 words or less
- ◆ Use Times Roman 12-pt font
- ◆ Type the title first in all capital letters. Next list authors, using an asterisk (\*) to denote the presenting author. Leave one line blank following the last author, then list the authors' institutions and short addresses.
- ◆ Italicize scientific names.
- ◆ Abbreviations which are generally understood are acceptable.
- ◆ Abstract forms are not provided.

Participants must pre-register to avoid a late fee. The registration deadline is June 20, 2003.

The registration fee is \$300 if registered by June 20, 2003. Registration after June 20, 2003 is \$400. The registration fee includes meeting documents, continental breakfasts, lunches and a banquet.
